

School Meals at Castle Camps Primary School

From September 2013, the catering service at Castle Camps Primary School will be operating a full production kitchen.

So what does this mean?

This means that the same nutritionally balanced menu will be offered, however, the kitchen will be upgraded to enable the meals to be freshly prepared on site every day. Previously, meals would have been supplied by our Catering Centre in Huntingdon and then cooked by the School Caterer in the school kitchen.

In addition to having school meals prepared on site, pupils will enjoy:

- Delicious home baked bread.
- A freshly prepared salad bar.
- A selection of fresh fruit available daily.
- A variety of special themed lunches throughout the year.

Parents can be reassured that:

- Seasonal ingredients are sourced locally wherever possible.
- Between 80% and 90% of meat is sourced from East Anglian farms.
- Animal welfare and full traceability of the product are prime considerations when choosing a supplier.
- Catering staff are fully trained to produce high quality food.
- Menus are developed in accordance with the Government's nutritional standards.

If you have any questions, please contact the catering service on 01223 706300 or through www.myschoollunch.co.uk/cambridgeshire.
